Item: Always Remember 9-11 campaign

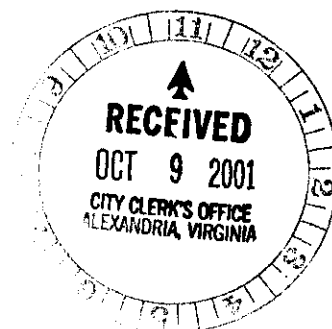

The National League of Cities and state municipal leagues across the country -- including VML -- have established a special fund to support public employees affected by the Sept. 11 terrorist attacks.

The Always Remember 9-11 Fund will be used to provide assistance to the families of public employees who were killed or injured in the attacks and to assist public organizations affected by the attacks. The money will be used for both short- and long-term health, financial and educational needs of public employees and families directly affected by the terrorist attacks. Money may also be used to provide supplies, equipment and other support to public organizations directly affected by the attacks and the recovery efforts.

The Always Remember 9-11 Fund provides one way for city, county and town employees to support colleagues and families affected by the Sept. 11 attacks. Individual contributions of any amount are welcome.

Please feel free to copy the enclosed fliers and post them throughout your organization as you see fit.
